Gary,

We do not washout containers that contained PCBs.

David,

Can you help out Gary Moore with his question regarding wash-outs at Itasca below.

Thank you,

Chris Alderete

Hey Chris,

I wanted to touch base with you to see if you guys have the ability to do truck washouts at your Itasca landfill and what the costs would be to do that. We are running out of room onsite to do this and wanted to check options.

Thanks

Gary Moore
